

How to Add Music to a Playlist

Your Music Anytime, Everywhere.

Go to Grooveshark.com on your smartphone or tablet to check out brand new features including profile access, playlists, radio, and more! No app required.

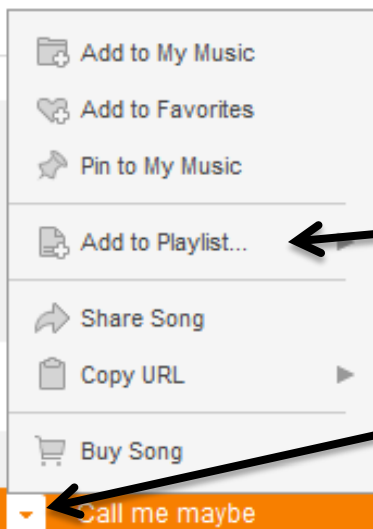

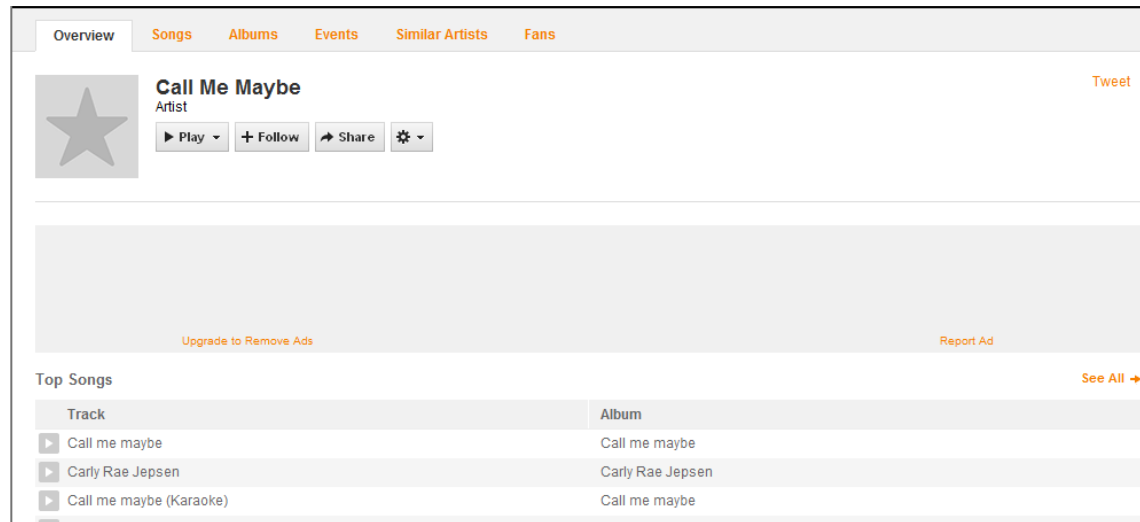

iOS Android

Search for Music

First, type the title, artist, or album title in the search box.

Once you hit search, a screen similar to this will come up.

Then select "Add to Playlist"

When you find the correct song mouse over it and select the little drop down arrow.

Then, select whatever playlist you want it on.
